To Whom It May Concern

Our choice of Next Payments NZ Ltd as a supplier for ATM at our Fuel/retail business was based on selecting a company that leads and understands the field of the ATM market within New Zealand.

We realized that this company is managed by people that have extensive industry knowledge and are able to plan ahead and lead the ATM industry. Next payments offered a solid backing (the Macquarie group) which gave us that extra confidence that we are dealing with a provider that not only offers unique service and support but have the capability to expand their network and services.

The Next Payment s premium ATM's are providing our business with a new income stream more to the point we have reduced our costly cash handling overheads, improved our staff productivity, and Next Payments provides us with clear monthly report of all transactions per terminal for ease of accounting.

The uptimes of our ATM's are above the 99% which demonstrates the unique service and support that Next Payments provides.

I would be happy to recommend Next Payment as a partner for any venue or business

Yours sincerely
