To Next Payments

Christchurch Casino purchased eight Cash Redemption Terminals (CRTs) from Next Payments in 2017 to allow patrons to redeem gaming tickets for cash on our casino floor.

The Next Payments CRTs provide efficiencies by reducing the staff required in the cashier's area, therefore allowing our staff to be dispersed on the floor to provide a higher level of service to our customers.

The Next Payments CRT is very reliable and dispenses cash quickly ensuring a smooth and seamless customer experience. The Next Payments CRT provides a level of Remote Management Software that allows our count team to reconcile quickly from a remote location saving head count at the terminal itself.

We would highly recommend gaming venues and other casinos purchase a CRT from Next Payments.

Your Sincerely,

Milan Smolar
